PSI PROGRESS ON 2018-2020 STRATEGIC PLAN TARGETS

2018-2020 Strategic Plan Results Framework 2030 Sustainable Development Goals

Use/Need ¹ 2018-2020 PSI Impact Targets 90 million Users Reached² 100 million DALYs Averted and 75 million CYPs Provided Malaria MC & Abortion WASH Shift Policy & Funding Strengthen Global Capacity Shape Market Systems 10 countries document leadership in Maintain total income, with 15% All countries meet 8 out of 10 market system coordination from non-traditional sources standards for operational excellence 30 million users reached through 60% countries document positive 80% donors & partners agree PSI harvested technology influence on national health policy demonstrates technical excellence

- 1 Use/need will be used as a framework to track and understand progress with ultimate interventions in each health area: modern contraceptives, ARV, ACTs, toilets, and controlled
- 2 Users who receive modern contraception, testing for HIV or malaria, NCD screening, or toilets from PSI.

SHAPE MARKET SYSTEMS: 30 MILLIONS USERS REACHED THROUGH HARVESTED TECHNOLOGY
